

REFEREES 1994-1996

To maintain its standards the Journal is dependent on the willingness and dedication of its referees, colleagues who review all papers submitted to the Editor for publication and make the Journal's peer review system a reality.

We on the editorial staff recognize that we could not function without our referees (or reviewers). Some papers submitted to the Journal are accepted with little change and some are rejected (but only after 2 referees have independently concurred in this opinion). However, the majority of papers are made acceptable only after considerable revision, following the reports of the referees. In most cases this entails a great deal of work on the part of each referee. On occasions, other colleagues are consulted about specific matters related to a submitted paper, to improve or correct it before publication.

We acknowledge the help of the following colleagues who have contributed reports on papers which were published in the Journal - or rejected - during the period 1994-1996. Many have undertaken this task more than once, some many times. We thank them all for their essential contribution to the Journal. We apologize for any omissions - since each year we have a focus issue with a guest editor, the work of some referees may not have come to our attention.

INFORMATION FOR AUTHORS

The Papua New Guinea Medical Journal invites submission of original papers and reviews on all aspects of medicine. Priority will be given to articles and subjects relevant to the practice of medicine in Papua New Guinea and other countries in the South Pacific.

Manuscripts are accepted for publication only with the understanding that they have not been published nor submitted for publication elsewhere. All manuscripts will be reviewed and sent out for referees' comments before being accepted.

Original Articles: Reports of original and new investigations or contributions.

Brief Communications and Case Reports: Contents similar to that of original articles but text should be no more than a total of 4 Journal pages including all figures and tables.

Reviews: Critical analysis of previously collected and published information.

Letters: Short reports of clinical experience or topics of interest. Text should not exceed 1 page of the Journal.

Other types of manuscript may also be accepted for publication at the Editor's discretion.

Submitted manuscripts should conform to the instructions set out below. Manuscripts not conforming to these instructions will be returned.

MANUSCRIPTS

Submit the original and one or, preferably, two duplicates. All sections of the manuscript, including text, references, tables and legends, should be typed in double spacing. Manuscripts should not be right-justified. Each paper should include an informative Summary, Introduction, Patients/Materials and Methods, Results, Discussion and References. The title page should include the title, full names of all authors, names and addresses of institutions where the work has been done and full present address of the senior or corresponding author.

References should be kept to a minimum, and must be in the Vancouver style. Authors should check all references against the original source. Sample references are shown below.

- 3 **Garner PA, Hill G.** Brainwashing in tuberculosis management. *PNG Med J* 1985;28:291-293.

- 4 **Cochrane RG.** A critical appraisal of the present position of leprosy. In: Lincicome DP, ed. *International Review of Tropical Medicine*. New York: Academic Press, 1961:1-42.

Illustrations

Tables and figures (an original with 2 copies of each) should be prepared on separate pages. Photographs should be glossy prints, either 7 cm or 14.5 cm in width. Graphs and charts must be prepared in India ink on stiff white paper, or presented as glossy photographs. Photomicrographs should have internal scale markers. Each table should have a heading and footnotes which make it understandable without reference to the text. Each figure should have a legend; figure legends should be typed together on a separate sheet. Indicate the top of figures lightly in pencil on the back.

Abbreviations: Standard abbreviations and units should be used.

Drug Names: Generic names of drugs should be used.

Orthography: The Shorter Oxford English Dictionary is followed.

EDITORIAL MAIL

Manuscripts and other editorial communications should be forwarded to:

The Editor,
Papua New Guinea Medical Journal
PO Box 60, Goroka, EHP 441,
Papua New Guinea
